Semi-Annual Council Meeting
July 13-14, 2018

The Council on Chiropractic Education (CCE) is the agency recognized by the U.S. Department of Education (USDE) and the Council for Higher Education Accreditation (CHEA) for accreditation of programs leading to the Doctor of Chiropractic (DC) degree and single-purpose institutions offering the Doctor of Chiropractic Program. CCE is also a member of the Association of Specialized and Professional Accreditors (ASPA) and the CHEA International Quality Group (CIQG). CCE seeks to ensure the quality of chiropractic education in the United States by means of accreditation, educational improvement and public information. CCE develops accreditation criteria to assess how effectively programs or institutions plan, implement and evaluate their mission and goals, program objectives, inputs, resources and outcomes of their chiropractic programs.

The following are the accreditation actions taken by the Council at its Semi-Annual Meeting:

Reaffirmation of Accreditation (8-Year Cycle) – *The process for reaffirmation of accreditation begins with the program providing a letter of intent to seek continued accreditation with CCE. Approximately 12 months later, the program provides the Council with their Self-Study Report (self-assessment of their program based on the current CCE Accreditation Standards). A peer review site visit is conducted at the program to verify and validate the information presented in the self-study report. Lastly, the Council reviews the self-study report, the program response to the site visit report and meets with program representatives in a status review meeting where the Council determines if the program meets the Standards and subsequently makes a decision to reaffirm, defer or revoke accreditation of the program and/or impose sanctions, if applicable.*
