Annual Council Meeting
January 14-15, 2022

The Council on Chiropractic Education (CCE) is the agency recognized by the U.S. Department of Education (USDE) and the Council for Higher Education Accreditation (CHEA) for the accreditation of Doctor of Chiropractic degree programs. CCE is also a member of the Association of Specialized and Professional Accreditors (ASPA) and the CHEA International Quality Group (CIQG). CCE seeks to ensure the quality of chiropractic education in the United States by means of accreditation, educational improvement and public information. CCE develops accreditation criteria to assess how effectively programs or institutions plan, implement and evaluate their mission and goals, program objectives, inputs, resources and outcomes of their chiropractic programs.

The following are final accreditation actions taken by the Council at its Annual Meeting:

Doctor of Chiropractic Degree Programs

Reaffirmation of Accreditation (8-Year Cycle) – The process for reaffirmation of accreditation begins with the program providing a letter of intent to seek continued accreditation with CCE. Approximately 12 months later, the program provides the Council with their Self-Study Report (self-assessment of their program based on the current CCE Accreditation Standards). A peer review site visit is conducted at the program to verify and validate the information presented in the self-study report. Lastly, the Council reviews the self-study report, the program response to the site visit report and meets with program representatives in a status review meeting where the Council determines if the program meets the Standards and subsequently makes a decision to reaffirm, defer or revoke accreditation of the program and/or impose sanctions, if applicable.

Cleveland University – KC, College of Chiropractic
10850 Lowell Avenue, Overland Park, KS 66210
Carl Cleveland III, D.C., President
Accreditation Action: Reaffirmation

Bases and reasons for decision: The Council reviewed all materials related to the accreditation process, to include the self-study, site team report and the program’s response regarding the CCE Accreditation Standards (and applicable policies), and determined the program meets the standards for accreditation within Sections 2.A-G, 2.H.1, 2.H.3 & 2.I-K., to include, mission, planning and program effectiveness; ethics/integrity; governance/administration; resources; faculty; student support services; student admissions; curriculum content and delivery; research and scholarship; service and distance/correspondence education. However, the Council has initiated two (2) concerns in Section 2.H.2, Assessment of Learning Outcomes and Curricular Effectiveness that require further reporting. Therefore, the Council has determined that the DCP is in noncompliance with Section 2.H.2 but the deficiencies do not compromise the overall program integrity and can be corrected by the DCP within the permissible timeframe and hereby imposes a sanction of Warning upon CUKC. Warning is a sanction, that is not subject to appeal, and shall not exceed twelve (12) months.

Next Accreditation Activity: Progress Report, August 2022; Focused Site Visit, Fall 2022
Next Comprehensive Site Visit: Fall 2029

Award Initial Accreditation (4-Year Cycle) - The process for initial accreditation begins with the program submitting an application, which includes; a letter of intent to seek accreditation with CCE and evidence of the requirements of eligibility (based on the respective CCE Standards). Following approval, the Council establishes timelines for the program regarding the self-study report, peer review site visit and status review meeting where

Canadian Memorial Chiropractic College
6100 Leslie Street, Toronto, ON, Canada M2H 3J1
David Wickes, D.C., President
Accreditation Action: Award Initial Accreditation

Bases and reasons for decision: The Council reviewed all materials related to the accreditation process, to include the self-study, site team report, and the program’s response regarding the CCE Accreditation Standards (and applicable policies), and determined the program meets the standards for accreditation in Sections 2.A-K, to include, mission, planning and program effectiveness; ethics/integrity; governance/administration; resources; faculty; student support services; student admissions; curriculum, competencies and outcomes assessment; research and scholarship; service and distance/correspondence education.

Next Accreditation Activity: Program Characteristics Report, Fall 2023
Next Comprehensive Site Visit: Fall 2025

Initial Accreditation Application - The process for initial accreditation begins with the program submitting an application, which includes; a letter of intent to seek accreditation with CCE and evidence of the requirements of eligibility (based on the respective CCE Standards). Following review, the Council determines if further documentation is required or establishes timelines for the program regarding the self-study report, peer review site visit and status review meeting.

Campbellsville University
1 University Drive UPO-781, Campbellsville, KY 42718
H. Keith Spears, Ph.D., Interim President
Accreditation Action: Approved Application

Bases and reasons for decision: The Council reviewed all materials provided in the follow-up report in accordance with the CCE Accreditation Standards, Section 1.II.A.2, Requirements for Eligibility, which provided evidence of SACSCOC’s authorization to offer additional doctoral degree programs at Campbellsville University. The Council determined the program has met the eligibility requirements identified in Sections a-j. Based on this conclusion, the Council has established a timeline for the DCP’s self-study report, followed by a comprehensive site visit, and status review meeting with the Council.

Next Accreditation Activity: Self-Study Report, Fall 2023
Next Comprehensive Site Visit: Spring 2024

Interim Site Visits - Interim Site Visits are conducted midway through the accreditation cycle of a program and focus on specific elements of the CCE Accreditation Standards, to include; program effectiveness, student learning outcomes and meta-competencies. This visit also provides an opportunity for dialogue and collegiality between the program and the Council. The Council reviews the program interim report, the response to the site visit report and meets with program representatives (optional) in a progress review meeting where the Council determines if the program meets the Standards and subsequently makes a decision to continue, defer or revoke accreditation of the program and/or impose sanctions, if applicable.

Accreditation Action: Continued
Bases and reasons for decision: The Council reviewed all materials related to the Interim Site Visit review, to include the program’s interim report, site team report and the program’s response regarding the CCE Accreditation Standards (and applicable policies), and determined the program meets the standards for accreditation in program effectiveness (Standard 2.A.3), student achievement (Standard 2.A.4), and distance/correspondence education (Standard 2.K.1). However, the Council has initiated two (2) concerns in Section 2.H.2, Assessment of Learning Outcomes and Curricular Effectiveness that require further reporting. Therefore, the Council has determined that the DCP is in noncompliance with Section 2.H.2 but the deficiencies do not compromise the overall program integrity and can be corrected by the DCP within the permissible timeframe and hereby imposes a sanction of Warning upon NUHS. Warning is a sanction, that is not subject to appeal, and shall not exceed twelve (12) months.

Next Accreditation Activity: Progress Report, August 2022; Focused Site Visit, Fall 2022
Next Comprehensive Site Visit: Fall 2025

Program Characteristics Reports (PCRs) - PCRs are submitted by programs every 4 years and in-between their reaffirmation and interim site visit schedule. These reports are required as one of the reporting requirements the Council utilizes to continue its monitoring and reevaluation of its accredited programs, at regularly established intervals, to ensure the programs remain in compliance with the CCE Accreditation Standards in accordance with US Department of Education (USDOE) and Council for Higher Education Accreditation (CHEA) criteria. The Council reviews the report in a progress review meeting where the Council determines if the program meets the Standards and subsequently makes a decision to continue, defer or revoke accreditation of the program and/or impose sanctions, if applicable.

**Progress Reports** - Progress reports are submitted as requested by the Council and may address; 1) previously identified areas of noncompliance with accreditation requirements, or, 2) areas that require monitoring. The Council reviews the report in a progress review meeting and meets with program representatives (if necessary) where the Council determines if the program meets the Standards and subsequently makes a decision to continue, defer or revoke accreditation of the program and/or impose sanctions, if applicable.

NONE

**Substantive Change Reports** – Substantive Change applications are submitted at the discretion of programs as defined within CCE Policy 1, Section A. Programs are required to describe how the program plans to continue to meet the requirements of the applicable CCE Standards while implementing the change in the areas identified within CCE Policy 1, Section B. The Council reviews the application and meets with program representatives (if necessary) where the Council determines if the program meets the Standards and subsequently makes a decision to accept the application and approve the substantive change, defer action and request additional information or deny approval of the substantive change (with no effect on the program’s current accreditation).

NONE

**Chiropractic Residency Programs**

**Reaffirmation of Accreditation (6-Year Cycle)** – The process for reaffirmation of accreditation begins with the program providing a letter of intent to seek continued accreditation with CCE. Approximately 12 months later, the program provides the Council with their Self-Study Report (self-assessment of their program based on the current CCE Residency Accreditation Standards). A peer review site visit is conducted at the program to verify and validate the information presented in the self-study report. Lastly, the Council reviews the self-study report, the program response to the site visit report and conducts a status review meeting where the Council determines if the program meets the Standards and subsequently makes a decision to reaffirm, defer or revoke accreditation of the program and/or impose sanctions, if applicable.

NONE

**Award Initial Accreditation (3-Year Cycle)** - The process for initial accreditation begins with the program submitting an application, which includes; a letter of intent to seek accreditation with CCE and evidence of the requirements of eligibility (based on the current CCE Residency Accreditation Standards). Following approval, the Council establishes timelines for the program regarding the self-study report, peer review site visit and status review meeting where the Council determines if the program meets the Standards and subsequently makes a decision to award, defer or deny accreditation of the program.
